

## Nappies and Toilet Training Policy

### **Policy Statement**

I will be more than happy to care for babies and children in nappies. I will need you to provide me with the baby's/child's nappies or pull ups. Your child will have their own nappy basket where these items can be safely stored. Wipes are provided at the setting if you have chosen the additional care package or pay using the daily rate.

### **Procedures (how I will put the statement into practice)**

- I have a well-equipped changing unit with a changing mat, which will be wiped over with disinfectant between each use and nappy sacks for the disposal of used nappies. It is suggested that as a childcare provider I wear plastic gloves when changing your child's nappy to reduce risk which I have provided. I will need to be informed if your child is allergic to latex.
- I will change your baby/child at regular intervals and immediately if they have soiled a nappy.
- I believe that changing a nappy should provide lots of opportunity to communicate with your baby/child and as their understanding grows it provides time to discuss basic hygiene issues, preparing them for potty training.
- When your child starts to show signs that they are becoming aware of their bodily functions I will arrange a convenient time to meet with you and discuss your plans on potty/toilet training your child. It is unusual for a child to be ready to be potty trained much before their second birthday and for some children it can be a lot later. Please do not be concerned if your child shows no signs of being ready yet. It is very important that we work together to potty train your child and pick a suitable time to do it, when we can both dedicate time. If we start the training and your child is not ready then we can stop and start again when they are. Some children take to potty training overnight for some it is a longer process, the most important thing is that we work together to give your child the support and reassurance they need during this period.
- I will provide you with daily feedback on how we are progressing with the training.
- In order to help your child become independent in going to the toilet I do provide two potties (which will be disinfected after each use), toilet trainer seat (again, disinfected after each use), steps for the toilet and wash basin. If you use trainer pants I would ask that you supply me with these.
- If your child is going straight from nappies to pants I would request that you bring plenty of spare clothes and several pairs of pants in case of accidents, this will be kept in their baskets or in their bags on their pegs.

Please ensure you have read and understand the Nappies and Toilet Training policy and procedure.

**All policies and procedures are reviewed regularly and updated when necessary.**

This policy and procedure has been development in line with the EYFS welfare requirements and Ofsted guidance, and outlines the provider's responsibility to take all necessary steps to safeguard and promote the welfare of children.

This policy and procedure has been written by **Miss Caitlin Smith**, the Ofsted-registered childminder responsible for the care of children at **The Flower Cottage**, Dudley, West Midlands, DY2 7TQ.
