

Other Adults in The House Policy

Policy Statement

Here is a list of all people, over the age of 18, living in my house:

Name:	Relationship to Childminder:
Joanne Evans	Mother
Peter Evans	Stepfather

All adults living in my house have undergone DBS checks and Ofsted suitability checks. If any adults are present while I am caring for children, I encourage them to act as positive role models.

At times, I may also have visitors in the house while minded children are in the setting. Any such people may include:

- Prospective parents with their child(ren) visiting the setting.
- Friends/family visiting a household member away from the children.
- Trades people working in a separate part of the house.
- Friends/family visiting for a play session.

Procedures (how I will put the statement into practice)

All visitors will be asked to fill in their details in our visitors' sign-in book and this will be available for parents to view upon request.

Although all other adults listed have been thoroughly checked and deemed suitable to be near children, I would like to reassure you that at no time is anyone, other than myself (childminder) and Jo (childminding assistant), left alone with minded children or allowed to help with intimate care, i.e. nappy changing and toileting. This is to protect your child and to protect my family from any possible allegations.

If anybody living on the premises is accused of taking part in criminal activity which may affect their suitability to be around children, I will inform Ofsted and all parents immediately and cease providing childcare until the matter has been resolved.

If you have any concerns or questions regarding this policy or the people living in my house, please do contact me.

Please ensure you have read and understand the Other Adults in The House policy and procedure.
